Mr. Raymond J Wu
Executive Vice Secretariat General
CORE Academy
International Core Academy for Sciences and Humanities (The CORE Academy)

Dear Mr. Wu:

Acceptance of my appointment to the Academic Committee of the CORE Academy

I am writing to humbly accept my appointment to the Academic Committee of the CORE Academy. It is truly a pleasure to be a Fellow of the Core Academy and to now serve on its Academic Committee. May my burden be light and my contribution significant.

I look forward to contributing towards meeting the principles and objectives of the CORE Academy. Given my humble background as one who was born poor by illiterate parents in a Ghanaian village with no schools, I believe that the outcomes that have formed the basis for my appointment (e.g., [Augustin Kwasi FOSU-CORE Academy](#)) may serve as a signal to millions around the world with similar backgrounds; they will likely succeed as well with diligent efforts. Of course, their efforts may still require complementary assistance from benefactors along the way, as has been in my case.

To conclude, I am most grateful to the CORE Academy for the opportunity to serve.

With sincerest appreciation,

AKFosu
